### **U.S. Senate Candidate Sharron Angle Offends Hispanic-American Citizens**

#### **FOR IMMEDIATE RELEASE**

We at the Nevada Hispanic Caucus are offended and appalled at the comments made by U.S. Senate candidate Sharron Angle, inferring custodial work is something “Americans don’t do.” Her demeaning and discriminatory rhetoric indicates Sharron Angle’s disrespect for the majority of hardworking Nevadans.

In these difficult economic times, Nevadans of all races work jobs within the service industry to earn an honest paycheck. With unemployment ballooning to 14%, every job plays a vital role within our economic food chain. These custodial jobs put food on the table and provide Nevada families with access to health care plans. Sharron Angle should know that no job is beneath any American.

As a caucus of American citizens, we deserve our voices heard and our needs represented in Washington. It is appalling that a candidate for U.S. Senate would have such disregard for our hard work. Sharron Angle has insulted a large portion of Nevada’s working class, and let it be known that we will not take these insults lying down. Every citizen deserves equal treatment and respect under the law.

#### **BACKGROUND:**

The Nevada Hispanic Caucus (NHC) is the oldest Latino conservative group in Nevada. NHC was formed in 2008 at the request of many conservative Latinos seeking common goals to educate and support American-Latinos values. The caucus hails dozens of members across the state including business owners, family members and professionals also associated with other national organizations in support of conservative values and leaders.
