

Joint Statement: Nevada Grassroots/Tea Party Organizations
RE: TPN

We, the grassroots/tea party leaders of Nevada, speaking for the conservative activists in our communities, are united in issuing the following statement.

- We are united in denouncing the TPN (Tea Party of Nevada).
 - The TPN is not a conservative party who speaks for grassroots and tea party activists in Nevada.
 - The TPN is not now, has never been, and will never be affiliated with grassroots efforts in Nevada.
 - The term “Tea Party Candidate” will no longer be used to indicate grassroots support for a candidate or candidates.
 - The TPN will not be invited to or allowed to represent themselves at conservative grassroots events and functions across Nevada.
- We are united in our desire for fiscal responsibility, transparency, and accountability from legislators and in legislation from Carson City, NV and Washington, D.C.
- We are united in opposition of progressive leanings towards unfunded mandates as a solution to appeasing special interest and delivering ‘social justice’.
- We are united in the belief that our government should be inspiring pride and accountability, and personal strength and opportunity, not a path for us to follow to have our needs met as the government sees fit.

We, the tea party activists and grassroots organizers in Nevada, are united.
