SHARRON ANGLE

Las Vegas TRIBUNE

May 13, 2010

We agree with Ms. Angle when she says, "Don't read my lips, read my record!" Her record is clean and she is honest.

She does not use double-talk; she does not hesitate when she is going to answer any question, and she does not change her opinion or her mind to please the crowd she is facing.

The Washington Post

Former Nevada state Assemblywoman Sharron Angle (R) has the momentum on her side in the June 8 GOP primary to face Senate Majority Leader Harry Reid.

LAS VEGAS REVIEW-JOURNAL

John L. Smith - November 10, 2009

After listening to [Sharron Angle] discuss her conservative ideals, I was tempted to ask her whether her maiden name was Goldwater or Reagan.

Angle is a tireless campaigner who works both ends of the state on a shoestring budget. She's a fearless critic of those who fail to view the world through the conservative lens.

Sharron Angle is trusted by Nevada's conservative leaders.
